PROFILE

As a full stack developer for 4 years, , I fuse creativity with technical expertise to craft compelling websites. With a background in full stack development, I bring a wealth of knowledge to every project.

EXPERIENCE

FULL STACK DEVELOPER
Freelance   2020 - 2024

- I have worked on many technologies such as Java, HTML5, CSS, TailwindCSS, Bootstrap, Javascript, Express.js, React.js, Next.js, Node.js, PHA, MySQL, MongoDB, and Linux Shell Scripting . I have a huge experience in writing clean, semantic and well structured code using OOP concepts.

FULL STACK DEVELOPER
BaganiVPN 2020 - 2024

- Successfully launched the Bagani VPN web admin panel and VPN application, enabling resellers and clients to easily manage their VPN subscriptions and access secure browsing.

FULL STACK DEVELOPER
BrilliantPOS 2021 - 2024

- Designed and developed a customized POS system that catered to the specific requirements of Brilliant POS and its diverse clientele, including retail stores, restaurants, and service-based businesses.

FULL STACK DEVELOPER
PinoyInternetHub 2022 - 2024

- The platform provided a Free secure and anonymous browsing experience while generating revenue through advertising partnerships, creating a win-win scenario for both users and advertisers.

FULL STACK DEVELOPER
Upload2Earn 2023-2024

- The platform incentivized users to upload files by offering rewards of $7 per 1000 downloads, thereby creating a mutually beneficial ecosystem for content creators and consumers.
